Dear Andrea

CASTLE POINT CORE STRATEGY

I thought it would be helpful to you if I were to update the Inspector and yourself on various matters which were raised at the Pre-Hearing Meeting.

You may recall that at the Meeting, the Inspector asked if the Council intended to produce any further written material in advance of the various Examination sessions to be convened. At that time, I indicated that I thought the Council may wish to do so. After further consideration, and having examined in further detail the Inspector's final timetable, and Matters to be discussed, I am now able to confirm that the Council will not be producing further written material for the Examination, with the exception of the documents which I have listed on the attached schedule.

These are documents which are in the course of preparation, and I anticipate that they will be submitted to you no later than the end of this week (Friday 28th May 2010). The one exception to that is the Self Assessment, which I anticipate being available no later than Wednesday 9th June 2010.

I hope that this is helpful

Yours sincerely,

Steve Rogers
Head of Regeneration and Homes
