#### **5. REVIEW OF GAMBLING LICENSING POLICY STATEMENT**

Under the Gambling Act 2005, the Council's Statement of Licensing Policy must be reviewed every three years. The review must be completed, and a revised policy statement published by 31 January 2023. This report presents a brief overview of the arrangements undertaken for the policy review.

The current policy statement came into effect in January 2019. There is a statutory requirement under the Gambling Act 2005 to review the policy statement every three years. The next policy statement on 3 January 2023, with it coming into force on 31 January 2023. The timetable to undertake the necessary legal formalities has been set accordingly.

There are prescribed procedures that the Council must undertake before the policy statement can take effect. This involves making the policy statement publicly available by a variety of means for a period of at least 4 weeks.

The Policy was attached showing text removed in red and text added in green.

This included formal consultation, an initial review is undertaken before formal consultation subject to consultation with the responsible authorities.

The Act requires that the following parties are consulted by the Licensing Authority:-

The Chief Officer of Police for the Authority's area;

- One or more persons who appear to the Authority to represent the interests of persons carrying on gambling businesses in the Authority's area; and
- One or more persons who appear to the Authority to represent the interests of persons who are likely to be affected by the exercise of the Authority's functions under the Act.

The other Groups and people consulted included: -

- Organisations working with people who are problem gamblers
- Responsible Authorities under the Act
- Public Health

A full list of all groups and persons consulted with was provided at Appendix A.

The policy statement must be adopted by full Council; this function cannot be delegated to either the Licensing Committee or Cabinet. The proposed policy statement must therefore be presented to Council on 30 November to allow sufficient time for the necessary publication to take place prior to 31 January 2023.

The policy statement has been revised to reflect the latest guidance issued to licensing authorities by the Gambling Commission. In particular:

- a) It is recognised nationally that there is a greater need to focus on understanding and mitigating gambling related harm more broadly rather than focussing on problem gambling alone. In this respect the revised policy statement emphasises the Council's focus on protecting children and vulnerable adults.
- b) Nationally, gambling policy and the regulatory environment overall has an increasing focus on risk. Since April 2016 gambling establishment operators have been required to undertake 'local area risk assessments' before submitting a premises licence application or variation.

Members considered the revised Policy Statement and were invited to ask questions. During discussion it was suggested that an amendment be made to Appendix A, the List of Consultees, to give a general description of Education Establishments rather than naming specific schools/colleges.

Following discussion, it was: -

**Resolved: -**

**1. Purpose of Report**

To invite the Committee to appoint a Task & Finish Group to undertake a review of the Council's Hackney Carriage & Private Hire Licensing Policy.

**2. Links to Council's Priorities and Objectives**

The review links to People.

**3. Recommendations**

**To appoint a Task & Finish Group to review the Council's Hackney Carriage & Private Hire Licensing Policy**

---

**4. Background**

Public Safety is the main reason why the licensing of Hackney Carriage and Private Hire Vehicles drivers and operators is regulated.

The Department for Transport, (DfT) recommends all licensing authorities make publicly available a cohesive policy document that brings together all their procedures on taxi and private hire vehicle licensing.

The Hackney Carriage Taxi & Private Hire Policy February 2022 was reviewed in 2021 to incorporate the (DfT) 'Statutory Taxi and Private Hire Vehicle Standards' 2020 which the Government recommended all local authorities adopt.

A request has been made that a review is undertaken of the Policy.

**5. Proposals**

The Committee is invited to appoint a Task & Finish Group to undertake a review of the Councils' Hackney Carriage Taxi & Private Hire Policy.

It is proposed that the Task & Finish Group should comprise of eight members of the Committee and should be politically balanced in which case the membership would be three members from both the Canvey Island

Independent Party Group and the People's Independent Party Group with two members from the Conservative Group.

The Group leaders will be asked to identify members to serve on the Task & Finish Group.

The Petition has been resubmitted recently with additional signatures. A number of the signatures are incomplete, and it is not possible to identify some of the signatures. There are no dates as to when the signatures were obtained.

The knowledge test for private hire drivers was removed in November 2016.
