## 1. Introduction and background

- 1.1 The following policy outlines the Council's approach to the levying of empty homes premium and second homes premiums.
- 1.2 Premiums were also introduced by government from 1 April 2013 by the with a view to encouraging homeowners to occupy homes and not leave them vacant in the long term.
- 1.3 The legislation introducing premiums is S11B of the Local Government Finance Act 1992 was inserted by the Local Government Finance Act 2012. Initially premiums could only be charged on long-term empty dwellings. An empty dwelling is one which is 'unoccupied' and 'substantially unfurnished'. The definition of long-term is where the dwelling has been empty for a continuous period of at least 2 years.
- 1.4 Initially the maximum level of premium was set by government at 50% of the amount of Council Tax chargeable. Each Council could determine the level of premium up to the maximum and this is charged in addition to the amount determined by the Council as payable for an empty dwelling<sup>1</sup>
- 1.5 Certain classes of dwellings cannot be charged a premium namely:
  - a dwelling which would be the sole or main residence of a person but which is empty while that person resides in accommodation provided by the Ministry of Defence by reason of their employment i.e., service personnel posted away from home<sup>2</sup>; or
  - dwellings which form annexes in a property which are being used as part of the main residence or dwelling in that property<sup>3</sup>.
- 1.6 In 2018 the Rating of Property in Common Occupation and Council Tax (Empty Dwellings) Act allowed authorities to increase the level of premiums on empty dwellings with effect from 1 April 2019 as follows;
  - Dwellings left unoccupied and substantially unfurnished for 2 years or more, - from 1 April 2019 a premium can be levied up to 100%;
  - Dwellings left unoccupied and substantially unfurnished for 5 years or more, - from 1 April 2020 a premium can be levied up to 200%; and
  - Dwellings left unoccupied and substantially unfurnished for 10 years or more, - from 1 April 2021 a premium can be levied up to 300%.
- 1.7 It should be noted that premiums are charged in addition to the 100% Council Tax payable on empty premises.

<sup>3</sup> Council Tax (Prescribed Classes of Dwelling)(England) (Amendment) Regulations 2012 - Classes F

- 1.8 Government, together with local authorities (including the Council) has unfortunately seen a rise of in the number of empty homes together with a growth in second homes.
- 1.9 Inconsistencies in the legislation have also been identified whereby a premium can be avoided by the taxpayer merely furnishing an empty premises, when it would become a 'second home' which currently has a maximum charge of 100% with no premium.
- 1.10 In order to address these inconsistencies, and also to bring more dwellings into use, government amended the Local Government Finance Act 1992 to allow for the following:
- (a) To bring forward the period from two years to **one year** when an unoccupied and substantially unfurnished dwelling (empty dwelling) can be charged a premium of 100% All other empty dwelling premiums remain unchanged, namely:
    - A premium of 200% where dwelling has remained empty for a period of 5 years or more;
    - A premium of 300% where dwelling has remained empty for a period of 10 years or more; and
  - (b) To enable the charging of a 100% premium for any dwellings (second homes) which are:
    - No one's sole or main residence; and
    - Substantially furnished.
- 1.11 This policy details the Council's approach in the charging of premiums as allowed within the new legislation.
- 1.12 The continued pressure on local authority finances (both the Council and the Major Preceptors) together with the need to encourage all owners of domestic premises to bring them back into use, makes it essential that the Council changes its approach to empty homes. The new legislation for second home premiums will encourage the use of dwellings as primary residences.

## **2. Empty homes premiums (From 1 April 2026)**

- 2.1 Section 11B of the Local Government Finance Act 1992 (amended by the Levelling Up and Regeneration Act 2023) permits billing authorities in England to impose an empty dwellings premium after one year instead of two.
- 2.2 The Council has resolved to implement the premium for empty dwellings after one year. The empty homes premium will be effective from 1 April 2026.

### **3. Introduction of premiums for second homes (From 1 April 2026)**

- 3.1 The definition of a second home for Council Tax purposes is a dwelling which has "no one resident" but is "substantially furnished".
- 3.2 Section 11C of the Local Government Finance Act 1992 11C permits the Council to apply a premium on second homes. The maximum Council Tax charge in these cases would be a standard 100% charge plus a premium of 100% making a total Council Tax charge of 200%.
- 3.3 Unlike empty dwellings, there is no requirement for a property to have been used as a second home for a fixed period of time before the premium can apply.
- 3.4 As with other changes introduced by the Act, section 11C (3) requires that the first decision to impose this class of premium must be taken at least 12 months before the financial year to which it would apply.
- 3.5 The Council has resolved to charge second home premiums and has given the required notice. The second home premium will be effective from 1 April 2026.
- 3.6 The Act provides that a dwelling cannot be subject to both a second homes premium and an empty homes premium imposed under section 11B of the 1992 Act, and that an existing empty homes premium would cease to apply to a property which became subject to a second homes premium.

### **4. Exceptions from the premiums (empty homes premiums and second homes premium)**

- 4.1 Regulations have recently been implemented (The Council Tax (Prescribed Classes of Dwellings and Consequential Amendments) (England) Regulations 2024) which prevent the council from applying a premium in certain circumstances. These are as follows and cover both empty dwellings and second homes.

The council will determine:</p> <ul style="list-style-type: none"> <li>• whether the dwelling is clearly advertised for sale;</li> <li>• whether the dwelling is being marketed at a fair market value;</li> <li>• whether there are any artificial barriers placed on the sale by the vendor on the dwelling preventing sale; and</li> <li>• whether the owner is taking any other reasonable steps to market the dwelling for sale.</li> </ul> <p>The same owner may only make use of the exception for a particular dwelling marketed for sale <b>once</b> however, the exception may be used again for the same dwelling if it has been sold and has a new owner.</p>

### Applying for an exception

- 4.2 If any taxpayer is of an opinion that an exception should apply, or the property circumstances have changed, they should notify the Council and provide sufficient evidence or information to enable the Council to review the circumstances and notify the customer of the outcome.

## 5. Outcome expected and 'safety net'.

- 5.1 The expected outcomes of this policy are as follows:
- (a) Taxpayers will be encouraged, through the implementation of the premiums, to bring empty properties into use and to revert the use of second homes to primary residences;
  - (b) The reduction of empty homes and second homes within the Council's area in line with the Council's Empty Property Strategy; and
  - (c) Increased Council Tax income from empty homes and second homes.

- 5.2 The Council recognises that there may be occasions where despite the best efforts of the owner to dispose of a property or bring a property back into use there have been factors outside of their control and due to the time passed a premium might become payable.
- 5.3 In these situations, the Council will consider using its discretionary powers to extend an existing exception upon application of the property owner to the Council Tax team. As part of this application, the property owner will need to evidence the steps they have taken and explain why and how the situation is outside of their control. Discretionary extensions to exceptions are not guaranteed and may be indefinite or time limited depending on the individual circumstances.
- 5.4 There may be circumstances where the implementation of these changes may cause exceptional hardship to a taxpayer. In such cases, the Council will consider applications for a reduction in liability under its Section 13A (1)(C) of the Local Government Finance Act 1992 - Reduction in Council Tax liability policy.
- 5.5 Where such an application is received, it will be considered on an individual case basis taking into account the circumstances of the taxpayer and the situation regarding the level of Council Tax charged. Should the taxpayer be aggrieved by any decision of the Council a further right of appeal will be with the independent Valuation Tribunal.

## **6. Legislation**

- 6.1 The legislation that covers this report and the recommendations made is as follows:
- S11A & S11B of the Local Government Finance Act 1992;
  - S11C of the Local Government Finance Act 1992 (as introduced by the Levelling Up and Regeneration Act 2023);
  - The Levelling Up and Regeneration Act 2023;
  - The Council Tax (Prescribed Classes of Dwellings and Consequential Amendments) (England) Regulations 2024; and
  - S13A(1)(C) Local Government Finance Act 1992 (reduction in liability).

## **7. Finance**

- 7.1 Any amount of premium received will be part of the Council's Collection Fund and will be shared between the Council and Major Precepting authorities in line with their share of the Council Tax.
- 7.2 Any reduction granted under S13A(1)(c) will be financed through the Council's general fund and do not form part of the Collection Fund.

## **8. Notification**

- 8.1 Where a taxpayer is granted an exemption, a revised demand notice will be issued. Where an exemption is applied for but not granted, the Council will provide a notification of its decision.

## **9. Appeals**

- 9.1 Appeals against the Council's decision may be made in accordance with Section 16 of the Local Government Finance Act 1992.
- 9.2 **The taxpayer must in the first instance write to the Council outlining the reason for their appeal. Once received the council will then consider whether any additional information has been received which would justify a change to the original decision and notify the tax payer accordingly.**
- 9.3 Where the taxpayer remains aggrieved, a further appeal can then be made to the Valuation Tribunal. This further appeal should be made within 2 months of the decision of the Council not to grant any reductions. Full details can be obtained from the Council's website or from the Valuation Tribunal Service website.

## **10. Delegated Powers**

- 10.1 This policy for the Council Tax premiums has been approved by the Council. However, the Revenues Manager is authorised to make technical amendments to ensure it meets the criteria set by government and the Council.

## **11 Fraud**

- 11.1 The Council is committed to protecting public funds and ensuring that premiums are correctly charged.
- 11.2 A taxpayer who tries to reduce their Council Tax liability by falsely declaring their circumstances, providing a false statement or evidence in support of their application, may have committed an offence under The Fraud Act 2006.
- 11.3 Where the Council suspects that such a fraud may have been committed, this matter will be investigated as appropriate and may lead to criminal proceedings being instigated.

## **12. Complaints**

- 12.1 The Council's complaints procedure (available on the Council's website) will be applied in the event of any complaint received about this policy.
