EXPRESSION OF INTEREST FORM

Please use this form to set out your expression of interest (EOI) to run a service that is currently delivered or provided by Castle Point Borough Council.

The form is split into four sections to enable you to give details about: (a) who you are; (b) the service you are interested in delivering; (c) how you are going to deliver this service and (d) the benefits that this new arrangement will bring to the area and the people that currently use the service. We ask for this specific information to help assess whether your EOI meets the requirements of the legislation relating to this community right.

If you are a **newly formed voluntary / community body** or an **emerging staff mutual** you are not expected to have finalised all of your operational arrangements before submitting an EOI to run a service. That said we require you to provide evidence on this submission to demonstrate that by the time of any procurement exercise that you will be **capable** of providing or assisting in providing the relevant service.

Guidance notes are provided at the end of the form to explain in more detail what is required and we encourage you to read these either before or as you work through this submission.

Your EOI will be considered and responded to within 60 or 90 days (dependant on whether it is already subject to an existing contract or not) from the date that it is received and acknowledged.

Please submit your completed EOI to the following address:

**Head of Civic Governance
Castle Point Borough Council

Section 3 HOW YOU WILL DELIVER THE SERVICE

Q8 Financial capacity and demonstrating value for money

In order to evaluate your proposal we require your projections of the cost of running the service to ensure that your organisation has the financial resources and capacity to be able to deliver the service.

Please outline the projected costs and income of running the service over the next three years. This should include all costs including any residual costs that may be levied by the council.

Your proposal may impact on existing council staff who are currently involved in running the service.
