Standard Building Regulations Charges 01/04/2020 - 31/03/2021

The following tables contain the standard charges for new dwellings, small non-domestic buildings and extensions or alterations to single buildings.

The charges have been established at a level to cover the cost of the Building Regulation related service in respect of commonly occurring categories of work.

The level of service allowed for is considered to meet the recommendations of the Building Control Performance Standard document and exceed that offered by other Building Control Bodies. You can therefore be confident that allowance has been made for an adequate number of inspections to enable us to ensure a reasonable level of compliance is achieved and provide you with a value for money service.

These standard charges have been set on the basis that the building work does not consist of, or include, innovative or high risk construction techniques and once commenced will be completed within 24 months. Furthermore, the assumption is made that the person or contractor carrying out the work is competent to do so.

If the above are found not to be the case, then supplementary charges may need to be applied to cover our additional input.

Where the proposed works fall outside the categories shown, generally for larger and/or more complex schemes, the charge will be individually determined.

Where the control of the works reverts back to the Local Authority due to the inability of an Approved Inspector to resolve a contravention individual assessment will again apply.

Where the above is applicable, you should contact the Building Control section on the number/addresses below to discuss the information required.

If the works are solely for people with disabilities or the provision of accommodation for a carer where 24 hour care is required they will be exempt from the charges. A letter will be required from a Doctor or Social Services to justify such a claim.

The inspection charge related to a full plans application will become due following the first inspection by our surveyor. This charge is the applicants responsibility unless stated otherwise.

Further details of the formulation of charges are contained in the Building (Local Authority Charges) Regulations 2010.

If you have any problems when filling in any of the forms, require any further information, or wish to apply for an individually determined charge, please either telephone [01268 882290](tel:01268 882290) or email igrimwade@castlepoint.gov.uk or write to us at Regeneration and Homes, Castle Point Borough Council, Council Offices, Kiln Road, Thundersley, Benfleet, Essex, SS7 1TF.

Planning document retrieval requests and Legal document retrieval requests COSTING BREAKDOWN AND ANALYSIS

The document is a record of the calculations and rationale that has enabled us to set a cost recovery charge for the additional services of 'planning document retrieval requests' and 'legal document retrieval requests', which the Planning Support Team can provide. This service can be charged for on a cost recovery basis.

Planning document retrieval request costing

The analysis revealed a planning document retrieval request, which includes retrieval of plans and supporting documents held by the planning department, would be £35.00.

This is based on the following calculation:

Staffing and Service costs: - £70.62

It takes 30 minutes to complete a search

To calculate the cost per 30 minutes:

$$70.62/60 \times 30 = 35.31$$

Total = £35.31 to produce each retrieval based on time taken against staffing and service costs (rounded down to the nearest full pound, the charge is £35.00)

Legal document retrieval request costing

The analysis revealed a legal document retrieval request, which includes retrieval of legal documents (such as Decision Notices, S106's etc) held by the planning department, would be £15.00.

This is based on the following calculation:

Staffing and Service costs - £70.62

It takes 13 minutes to complete a request

To calculate the cost per 13 minutes:

$$70.62/60 \times 13 = 15.30$$

Total = £15.30 to produce each request based on time taken against staffing and indirect costs (rounded down to the nearest full pound, the charge is £15.00)

Copy Documents:

£9.00 plus 30 pence per sheet

Please note, costing breakdown information can be obtained by request at planning@castlepoint.gov.uk Please be aware this fee calculation is based specifically upon the Planning service and staffing costs. The calculations and figures quoted above can only be applied to the Planning service and does not relate to other departments and services. This is because each department's charges are based on their own individual costings relating to the unique processes and resources of that service.

The 2003 Act requires a licensing authority to suspend a premises licence or club premises certificate if the annual fee is not paid when it is due. However, this does not apply immediately if the payment was not made before or at the time of the due date because of an administrative error, or because the holder disputed liability for the fee before or at the time of the due date. In either of these cases, there is a grace period of 21 days. This period is intended to allow the licensing authority and the licence or certificate holder an opportunity to resolve the dispute or error. If the dispute or error is not resolved during this 21 day period, the licence will be suspended.
